MEMORANDUM

DATE: December 5, 2011

TO: BOL File

FROM: Lance Range, Illinois EPA *LJR*

SUBJECT: Public Water Supply in Galena, Illinois

On December 5, 2011, I contacted Mark Moran, City Administrator for Galena, Illinois to determine the extent of the public water supply from the City of Galena to residents in the vicinity of the Bausch Gray Mine Site (LPC 085 813 5001).

Mr. Moran consulted the City of Galena Sewer Map in order to determine the exact extent of the current water supply system. Currently the water supply ends at the intersection of 4th Street and Blackjack Road. Mr. Moran stated that residents living further south of this intersection would be on private water supply wells.
